

MONSTER212-UHF

The MONSTER 212-UHF is a MONSTER 212 ultra-high frequency extend driver consisting of a UHF horn compression driver and some metal structural components.
Can be cleverly installed on the original high frequency horn, and can adjust the appropriate vertical projection angle according to the height of the installation
The AES standard power can withstand 35W (above 6k), and the high efficiency can effectively extend the original UHF music, making the details more clear.
All metal construction make it more durable.

Acoustics

Power Handling:35W (AES)
Program Power 70W(above 6kHz)
Nominal impedance:8
Frequency Response:2.6k~30kHz(-10dB)
Sensitivity:107dB
Maximum SPL:>125dB
(Peak level at 1 m under half space)

Coverage angle

Horizon:40°
Vertical:40°

Driver

UHF driver:1x1.0"driver
Voice coil:1.46" (37mm)

Connector

1xNEUTRIK® NL4 SPEAKON®
UHF:+2 / -2

Product Dimensions

W110xH120xD175mm

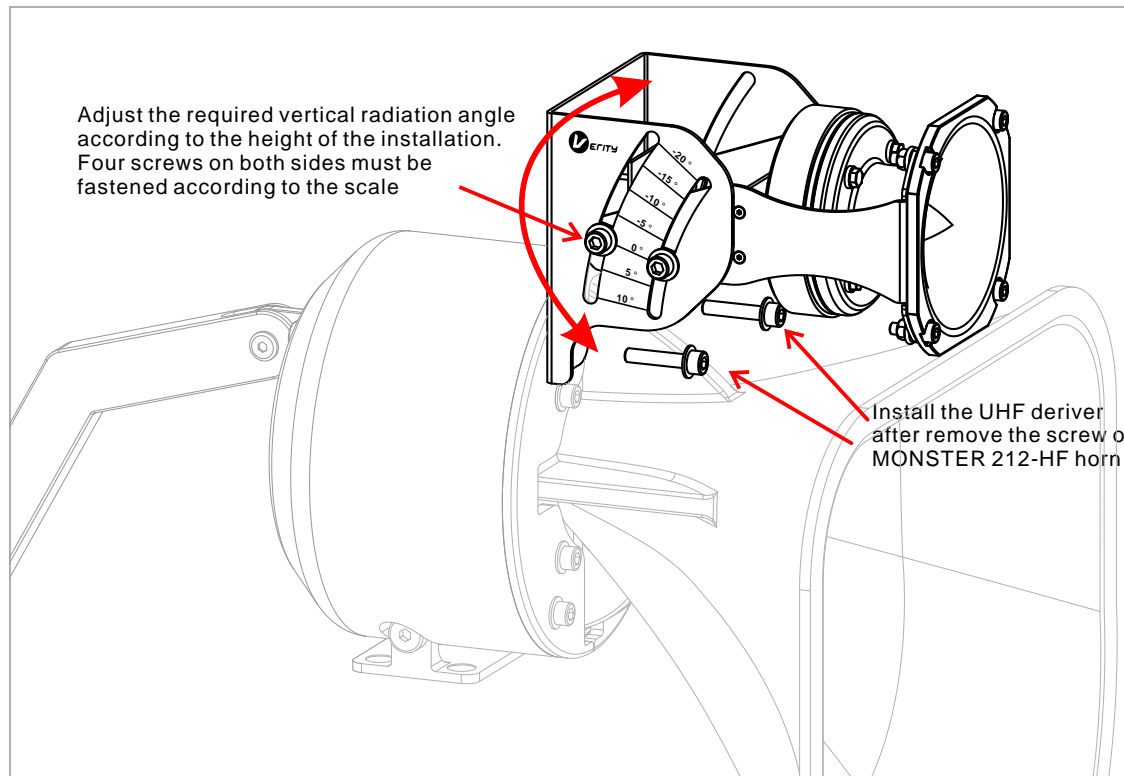

Package Dimensions

W236xH236xD286mm

N.W / G.W:

1.8kg / 2.2kg

P / N:060200000184000

Adjust vertical angle
